

Commitment

I, _____ (given name/family name),

declare that I am fully aware of the fact the scholarship granted to me by the Federal German Ministry of Research and Education (BMBF) through the International Bureau (IB), is funding I receive to enhance my studies and research by providing parts of my livelihood and study related costs. I ensure the German people to be efficient and cautious in the usage of the money and will not put it to other causes than it is meant for. In case I am not able to finish my studies successfully, I might be asked to pay back the whole or parts of the amount which was granted to me, depending on the reason.
